

Practical 8:

Identify one real phishing email : A final-year student, Aman, receives a LinkedIn message saying: “You are shortlisted for a Remote Software Developer role at Google.

Salary: ₹18 LPA.

Pay ₹2,499 as verification fee.

Limited seats. Pay now to confirm.”

ANSWER THE QUESTIONS :-

- a) What type of cybercrime is happening here?
- b) List 3 red flags that show it is a scam?
- c) What should he do to verify if a job offer is real?

Answer:

a) What type of cybercrime is happening here?

This is a **phishing scam** (specifically a **job recruitment scam**).

The scammer pretends to be a trusted company (Google) to trick the student into paying money.

b) List 3 red flags that show it is a scam:

1. **Demand for money** – Asking for a “verification fee” (₹2,499). Real companies do **not** charge candidates.
 2. **Too good to be true offer** – High salary (₹18 LPA) with no interview or proper hiring process.
 3. **Urgency pressure** – Phrases like “Limited seats” and “Pay now to confirm” are used to panic victims.
-

c) What should he do to verify if a job offer is real?

1. **Check the official Google careers website** for the job listing.
2. **Do not click links or pay any money** from messages on LinkedIn or email.
3. **Contact Google through official email IDs** or ask a college placement officer/career counselor.
